## OUR HOUSE-BRAND COCKTAILS

Cocktails are for the more sophisticated connoisseur of alcoholic brews.

Our house-brand cocktails with 'TOP-SECRET' recipes are also the test of your desire for adventure - walking into the great unknown, into new and unfamiliar territory!

The 30 cocktails doing service at HIC! are significantly named after the aircraft that flew in the I & II World Wars. The World Wars destroyed the lives of millions of people and changed forever the World as one knew it. However, it was also a time for human endeavour, achievement, valour, romance and skill that has never been paralleled on such a scale in the History of Time! It really was a time for coming together - no pun intended - and for growing up! A time to savour the NOW!

The most romantic of all participants in the wars were, no doubt, the rakishly handsome men risking their lives every second in their magnificent flying machines! Tens of thousands of pilots flew in the 2 wars, giving incredible accounts of their skill, bravery and patriotism. Thousands of them perished, defending their countries - irrespective of which side they were on! It really was this awareness of the ephemeral nature of our lives that caused Herman Wouk to remark in his famous book 'The Winds of War' that "THERE ARE TWO SIDES TO A WAR AND ON BOTH SIDES, THERE ARE MEN OF HONOUR!".

Each drink on the House-brand Cocktail list at HIC! is named after one of those magnificent machines which so often blocked out the sun over Europe (the main theatre of war) with their sheer numbers! Planes engaged in dog-fights, continuing to slug it out for their countries - even after being severely crippled - just fire our imagination and get our adrenalin pumping, no matter how often we see it!

Our cocktails with their secret recipes are not for everybody - they are meant for the adventurous, for the fighter pilot in each of us! Let's start a war on cocktails as you knew them. Welcome to the world of our cocktails - Cheers!

And, yes, Happy Landings!
